

## BECOME AN OLYMPIC ATHLETE! - NEW!

The privilege of participating in the Olympics is only available to a few, but now you can experience the special atmosphere of the Games, and the thrill of victory and success for a day..

If you are adventurous, challenge yourself in unique exercises that were once Olympic sports, but are still hidden from common knowledge today. Just to give you some hints and spark your interest: you can try yourself out in shooting with the opposite hand, palm ball, or intellectual Olympic sports, such as scrabble.

Team members who are not competing can support the other members of the Olympic team by taking on other roles, such as wise coaches or excited supporters.

Prepare your athletes, cheer your team to victory!

Don't just watch the Olympics, be part of this amazing experience!

**Duration:** 1-day-long programme

**Number of participants:** 50-250 people, divided into smaller groups
