

PREPARING FOR CHRISTMAS - FLAVORS AND SMELLS

Let's get in the mood for Christmas together! Fill the office with a festive atmosphere and mouth-watering aromas while you make Christmas delicacies with your own hands.

Special sweets, personalized gifts – You can make them for your loved ones, or you can offer them to the company Christmas market, with which you support a noble cause. ♥

During the holiday preparations

- we decorate gingerbread ☐☐
- we make uniquely composed parlor sweets ☐☐
- we get to know the secrets of artisan bonbons ☐☐

Complementing our wine and cheese roulette program, we also think of those colleagues who would rather immerse themselves in the world of wine and cheese in a playful way instead of creating.

Join us for a fun, creative afternoon, where the Christmas atmosphere is guaranteed! ☐☐
