

THE BIG REVEAL

Someone is trying to ruin Christmas again this year. But who is the Grinch?

Let the investigation begin! Participants split into small teams and embark on a mission, taking on a series of fun, logic-based, speed and skill challenges to earn points, which they can then exchange for valuable clues.

As more and more secrets are uncovered, the circle of suspects gets smaller. But not all information is worth the same – the most valuable clues have to be earned, and a good strategy can make all the difference.

A fast-paced competition, plenty of laughter, unexpected twists and a mystery that must be solved before the evening comes to an end. Who will be the first to uncover the culprit behind this year's Christmas sabotage?
